ABOUT ME

I'm a WordPress & Elementor web designer with a focus on clean, modular templates that are easy to reuse across projects. I help businesses and service providers create sites that are fast, mobile-friendly, and visually strong. Open to freelance and long-term work.

WORK EXPERIENCE

• APPLICATIONS DEVELOPER

Various Clients (Fiverr & Upwork)

2022–Present

- Designed reusable Elementor templates for different industries (consultants, cleaning services, local businesses)
- Created modular layouts with global styles for fast customization

• LANDING PAGE & PORTFOLIO BUILDER

Independent Projects

2020–2022

- Built high-converting landing pages for small businesses
- Focused on mobile responsiveness and clear CTA placement
- Assisted clients with basic domain, hosting, and layout setup

• ANALYSIS CONTENT

Royal Golden Dragon

2010 - 2014

- Database administration and website design
- Built the logic for a streamlined ad-serving platform
- Educational institutions and online classroom management
